AC Mains LED High Bay Lighting

New

This quality LED high bay is designed to be used in industrial areas, warehouses and retail areas. Ideal for both new projects or retrofit solutions. Hi-Star LED lighting can provide superior illumination with excellent energy savings and provides years of maintenance free service.

There is no warm up time with the Hi-Star LED units and the lifespan is not affected by switching on and off. Typical energy savings would be in excess of 85% compared to metal halide with an average payback period of less than 1 year.

EPISTAR

LED CHIP

Available in 150W or 200W

MEAN WELL

LED DRIVER

High powered MEAN WELL LEDs

Die-casting aluminium for heat dissipation

Key features:

- Instant Light - No warm up
- Sleek compact design
- Tempered clear glass protector & steel bracket
- 150W: 19500 lumens or 200W: 26000 lumens
