ANTOL CITRUS®

Quick evaporating degreaser with a fresh citrus scent and a particularly powerful dissolving capability.

(Code 874) - 10L

Properties

Particularly suitable for removing adhesives, sealants, grease and heavy industrial soiling. Safe to use on hard surfaces such as trucks, tanks, sheet metal and tiles.

Dosage and Use

For manual cleaning use the product preferably undiluted. For high pressure cleaning and spray washing preferably dilute 1%-5% (1:100-1:20). Apply evenly. Give the product time to work in. Then allow it to evaporate, wipe with a cloth or brush, or spray with water.
