DISHWASHING RINSING AGENT

Liquid shine enhancing fluid for professional dishwashing machines.

(Code 665) - 10L

pH

1 2 3 4 5 6 7 **8** 9 10 11 12 13 14

Properties

Reduces the surface tension of the water, allowing glass and other dinnerware to dry shiny and stripe-free.

Dosage and use

Apply with the aid of automatic dispensing equipment. Preferably 0.3ml per litre.
